燃點後的蚊香，宜放在
 上風，人居下風，細到之
 處，蚊虫絕跡。

Place the ignited coil at
 a point of advantage to let
 the smoke gently blows
 toward the body and dispel
 the mosquitoes.

香圈應放在乾燥通風的
 地方，如受潮濕，雖乾仍
 可使用，質量不變。

store the coils in a dry airy
 place to prevent damp. In
 case of mildew, give the
 coils a little sunning and
 they will be as good as
 new.

香圈如有折斷，請按照
 圖(3)所示，將香條插入
 鐵柱空隙中，仍可燃點。

In case of accidental breakage,
 insert broken end into the triangular
 opening of the metal stand as in
 figure 3.

(3)

(2)

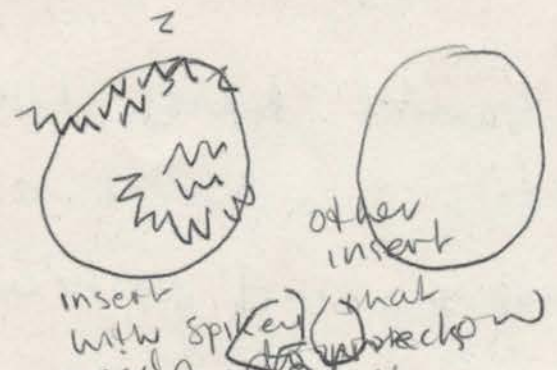

將香圈中心鐵孔套入帶柱
 上端，即可燃點。如圖(2)

Mount coil on the metal stand by
 inserting tip of stand to the eyelet at
 the center of the coil and then ignite
 it as in figure 2.

Dear Remo

You have thought of almost
everything first — I had
a brainwave and thought you
should have lock brand mosquito
coils (inspired partly by your
mizzie coil postcard) — and then
I checked your catalogue and
there they were (you must have
been out of them when I visited
your store in April) however
I note you make no mention
of what is actually the other
most superior feature — they
come in beautiful blue tins
— did you know? which are

not only beautiful but quite brilliant as they have a special insert drawer that means not only do you have an unknockable - over holder but it enables you to burn bits of broken coil as well

you turn the end up side of the tin - lay in it - place your whole lighted coil over a bit of broken lighted coil and place insert the other side. (though they are supplied with the duns as an alternative)

Perhaps the dinned version is not
around in Sydney.

I have only found / (in fact
discovered it) at the :

NT General Store

Cavanagh st

Darwin

Worth looking into — I think you
will be impressed with the superior
simplicity of the apparatus.

If you are interested in contacting
the NT General Store — I would
suggest you also ask them
about — The Marungreda Tent

and a range of khaki coloured
canvas/tessian bags — Kangaroo Brand
which are fantastically strong +
simple.

While I am about it —

I would like to order a couple of things.

- 6 Corban + Blair lead pencils
- 6 more Mos coil postcards. DR.
- 1 ~~Subway~~ Borg call
- 1 Rescue Remedy
- 1 Zeroll ice-cream scoop.

down. I found it in a Vietnamese supermarket. You draw a line around what you want to shield and cockroaches and ants aren't meant to be able to get through!

SUPREME RAT TRAPS

The better mousetrap. The bigger mousetrap. Still made in Queensland by the family of the late Mr A.W. Stanfield on the machines he designed and built in 1933.

Audubon Birdcall. My wife and I still possess the "passion" you emphasize ... so let me say this to you. If any of your customers return a birdcall, and they may, saying that "it does not work", etc. just let me know and I'll replace it or them at no charge to you... Thanks for the catalog. Yours, Roger Eddy - Newington, Connecticut.

Thanks Suzanne. We now stock the tins.

DE-SOLV-IT

De-Solv-it removes tar, grease, crayon, adhesives, soap residue, lipstick, blood, scuff marks from clothing, carpets, upholstery, glass, bathtubs, tiles, engines, tools, floors, driveways, paint. Does this sound useful to you?

RABONE TOOLS

English folding rules of hardwood and brass; squares of rosewood, brass and blued spring steel; spirit levels of teak and brass. All a pleasure to pick up and use.

LEATHERMAN TOOL

Developed by Tim Leatherman over seven years, this "pocket toolkit" includes 12 tools you should never be without, including a full-sized pair of pliers. Solid stainless steel in a leather belt pouch. 25 year guarantee.

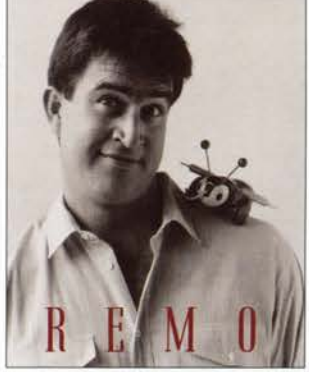

KRYPTONITE BIKE LOCKS

You can't get better protection against theft. The solid hardened steel bar and cylinder lock resist virtually any form of attack. Yet it slips on and off your bike in seconds. The entire lock is plastic coated to protect your bike's finish.

Mediterranean. Its skin was the original chamois leather. This is **not** it. But this polymer equivalent is just as good at cleaning glass. And even better from the chamois' point of view.

HURRICANE LAMPS

Hard to beat for windproof, low cost outdoor lighting and handy to keep around in case of blackouts. Great lighting for a relaxing bath as well.

PLUMBER'S FRIENDS

Unblocks most drains in just a few pumps. No moving parts (except your arm). Simple, cheap and effective.

WALL MATE

If you've ever tried to fix something to plasterboard, you'll like these. Simply screw one straight into the
